DESCRIPTIVE LIST
OF
BLACKFOOT INDIAN LANDS

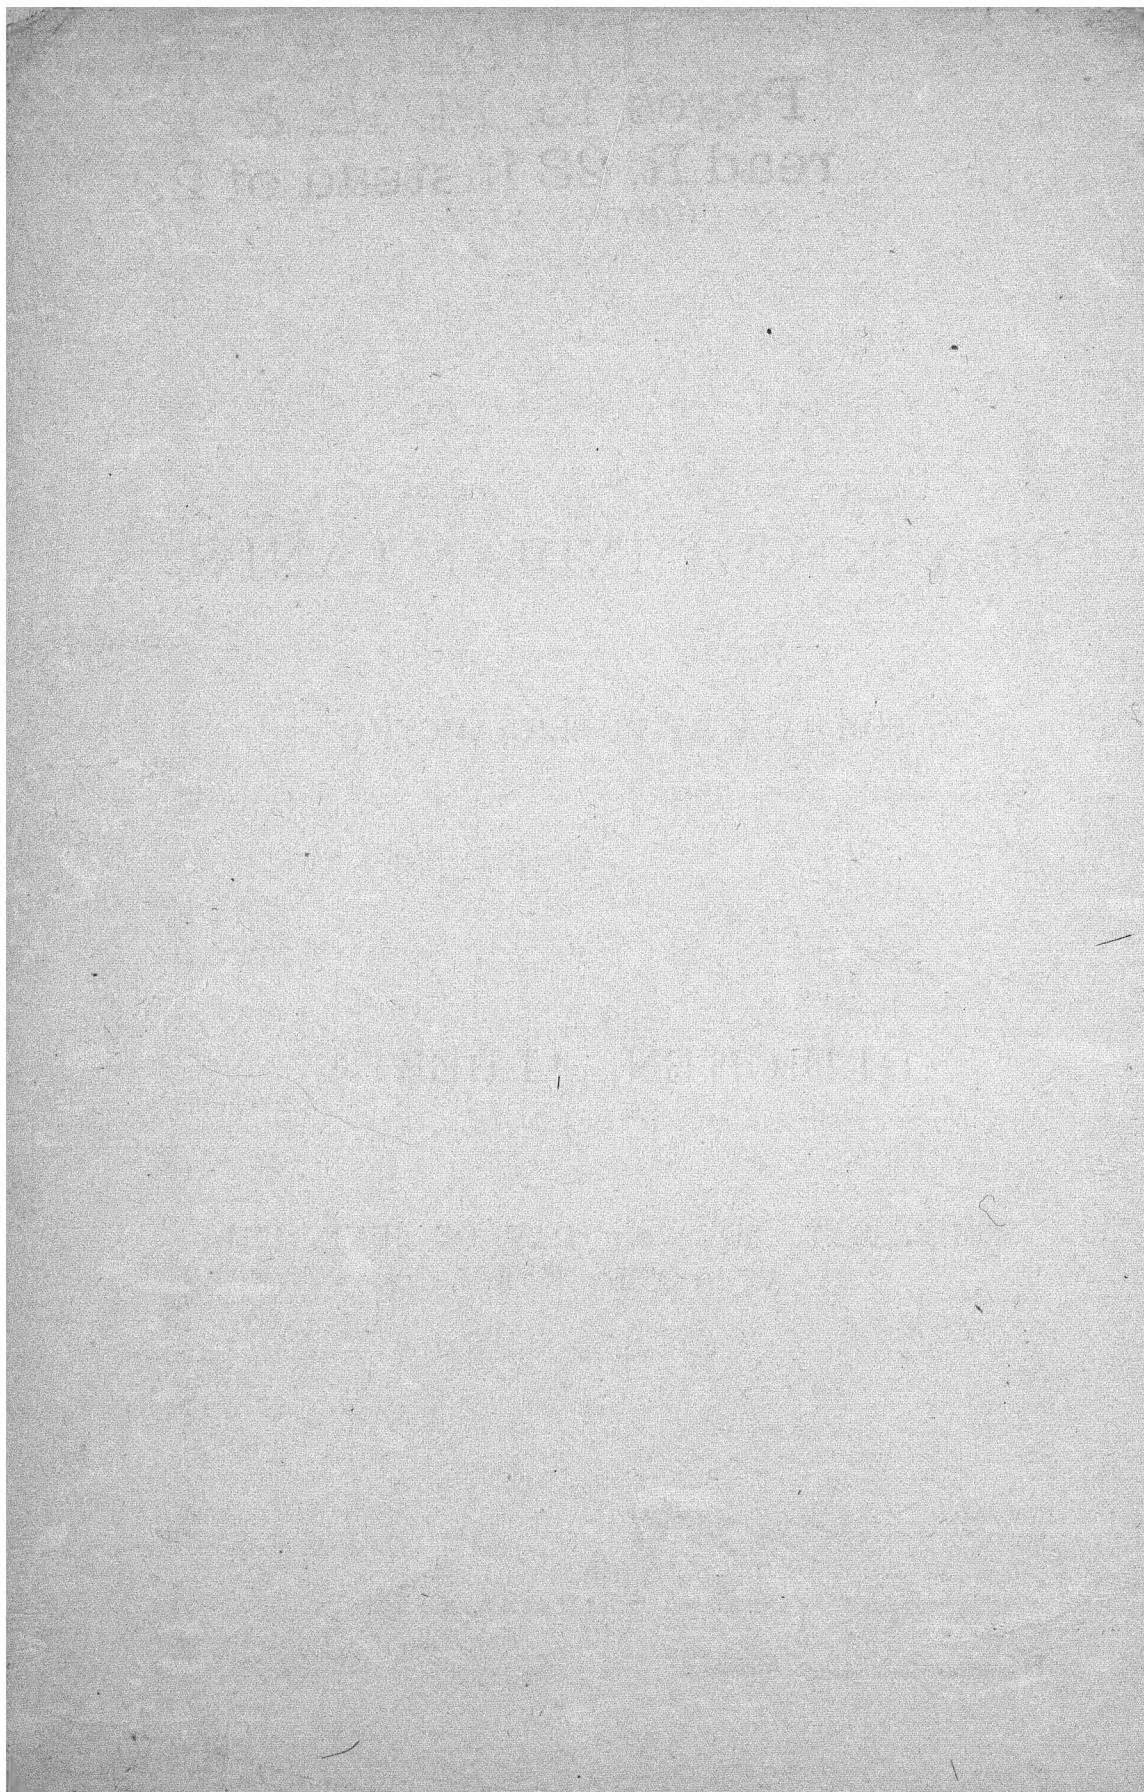

FOR SALE BY PUBLIC AUCTION

AT
GLEICHEN, ALBERTA

ON
WEDNESDAY, THE 14TH DAY OF JUNE, 1911, AT 10 O'CLOCK, A.M.

The lands will be sold in parcels of one quarter Section each, and coal and mining rights in connection therewith will be reserved from sale.

The Department reserves the right to withdraw any of the lands from the sale.

The general description of these lands is considered to be substantially correct, but intending purchasers are advised to personally inspect any and all parcels they intend to purchase.

TERMS OF PAYMENT.

One tenth in cash at time of sale, and the balance in nine, equal, annual instalments, with interest at the rate of five per cent per annum on the balance of the purchase money from time to time remaining unpaid. Scrip or warrants will not be accepted in payment.

Upon a parcel of land being knocked down, the purchaser shall immediately deposit the sum of One Hundred Dollars with the Clerk of Sale; otherwise the parcel will at once be put up again. For this purpose intending purchasers should provide themselves with marked cheques on chartered banks of Canada, made to their own order and payable at par at the point of sale; or with bank notes of as large a denomination as possible. The balance of the cash instalment must in every case be paid before the close of the sale, failing which the deposit of One Hundred Dollars will be forfeited, and the land withdrawn from sale.

Lists and plans of the lands to be sold may be had on application to the undersigned, or to J. A. Markle, Inspector of Indian Agencies, Red Deer, to J. H. Gooderham, Indian Agent, Gleichen, Alta., or to the Dominion Lands Agents, Calgary, Lethbridge or Medicine Hat.

J. D. McLEAN,
Asst. Deputy and Secretary.

Department of Indian Affairs,
Ottawa, 1st April, 1911.

70.2.24/9

BLACKFOOT INDIAN RESERVE.

GENERAL DESCRIPTION OF LAND TO BE SOLD.

The Blackfoot Indian reserve is situated about forty miles east of Calgary, Alberta, the main line of the Canadian Pacific Railway forming the northern boundary. The Railway stations of Nanaka, Stobart, Gleichen, Cluny, Crowfoot and Bassana are opposite to or within a short distance of the reserve and about eight or nine miles north of the northern limit of the lands to be sold. These lands consist of about $\frac{3}{4}$ of Tp. 20, R. 19, the south $\frac{1}{2}$ of Tp. 20, R. 20, the south $\frac{1}{2}$ of Tp. 20, R. 21, Tp. 20 and part of Tp. 21, R. 22, Tp. 20, and part of Tp. 21, R. 23, Tps. 20, 21 and part of 22, R. 24, all west of the 4th Meridian.

The Irrigation Canal of the Southern Alberta Land Company forms the northern boundary in ranges 24, 23 and 22, running south through the eastern portion of Tp. 20, R. 22.

Gleichen is a town of considerable importance, while most of the other places are growing. Farming has been carried on with success for some years in this District and these lands are considered to be among the best in Southern Alberta.

The coal and mining rights are reserved and sections 8 and 26 (where they occur in any township) will not be offered for sale.

Township 20, Range 19: Prairie and contains 14,934 acres. On the east side it is cut by the Bow river with coulees running back and a range of low hills run through the centre. Sections 25, 35 and 36 are comparatively smooth and suitable for motor or hand plow; the remainder is good grazing and mixed farming land. The soil is generally sandy loam with clay sub-soil.

Township 20, Range 20: Prairie and contains 11,536 acres. Sections one and eleven to fourteen are somewhat hilly and suitable for mixed farming and grazing, the remainder being generally hand plow rolling prairie and will make good mixed farming land. The soil is generally sandy loam with clay sub-soil.

Township 20, Range 21: Undulating and slightly rolling prairie and contains 11,511 acres, of which more than one half, it is estimated, is suitable for a motor plow, the remainder being good hand plow land. The soil is sandy loam with clay sub-soil.

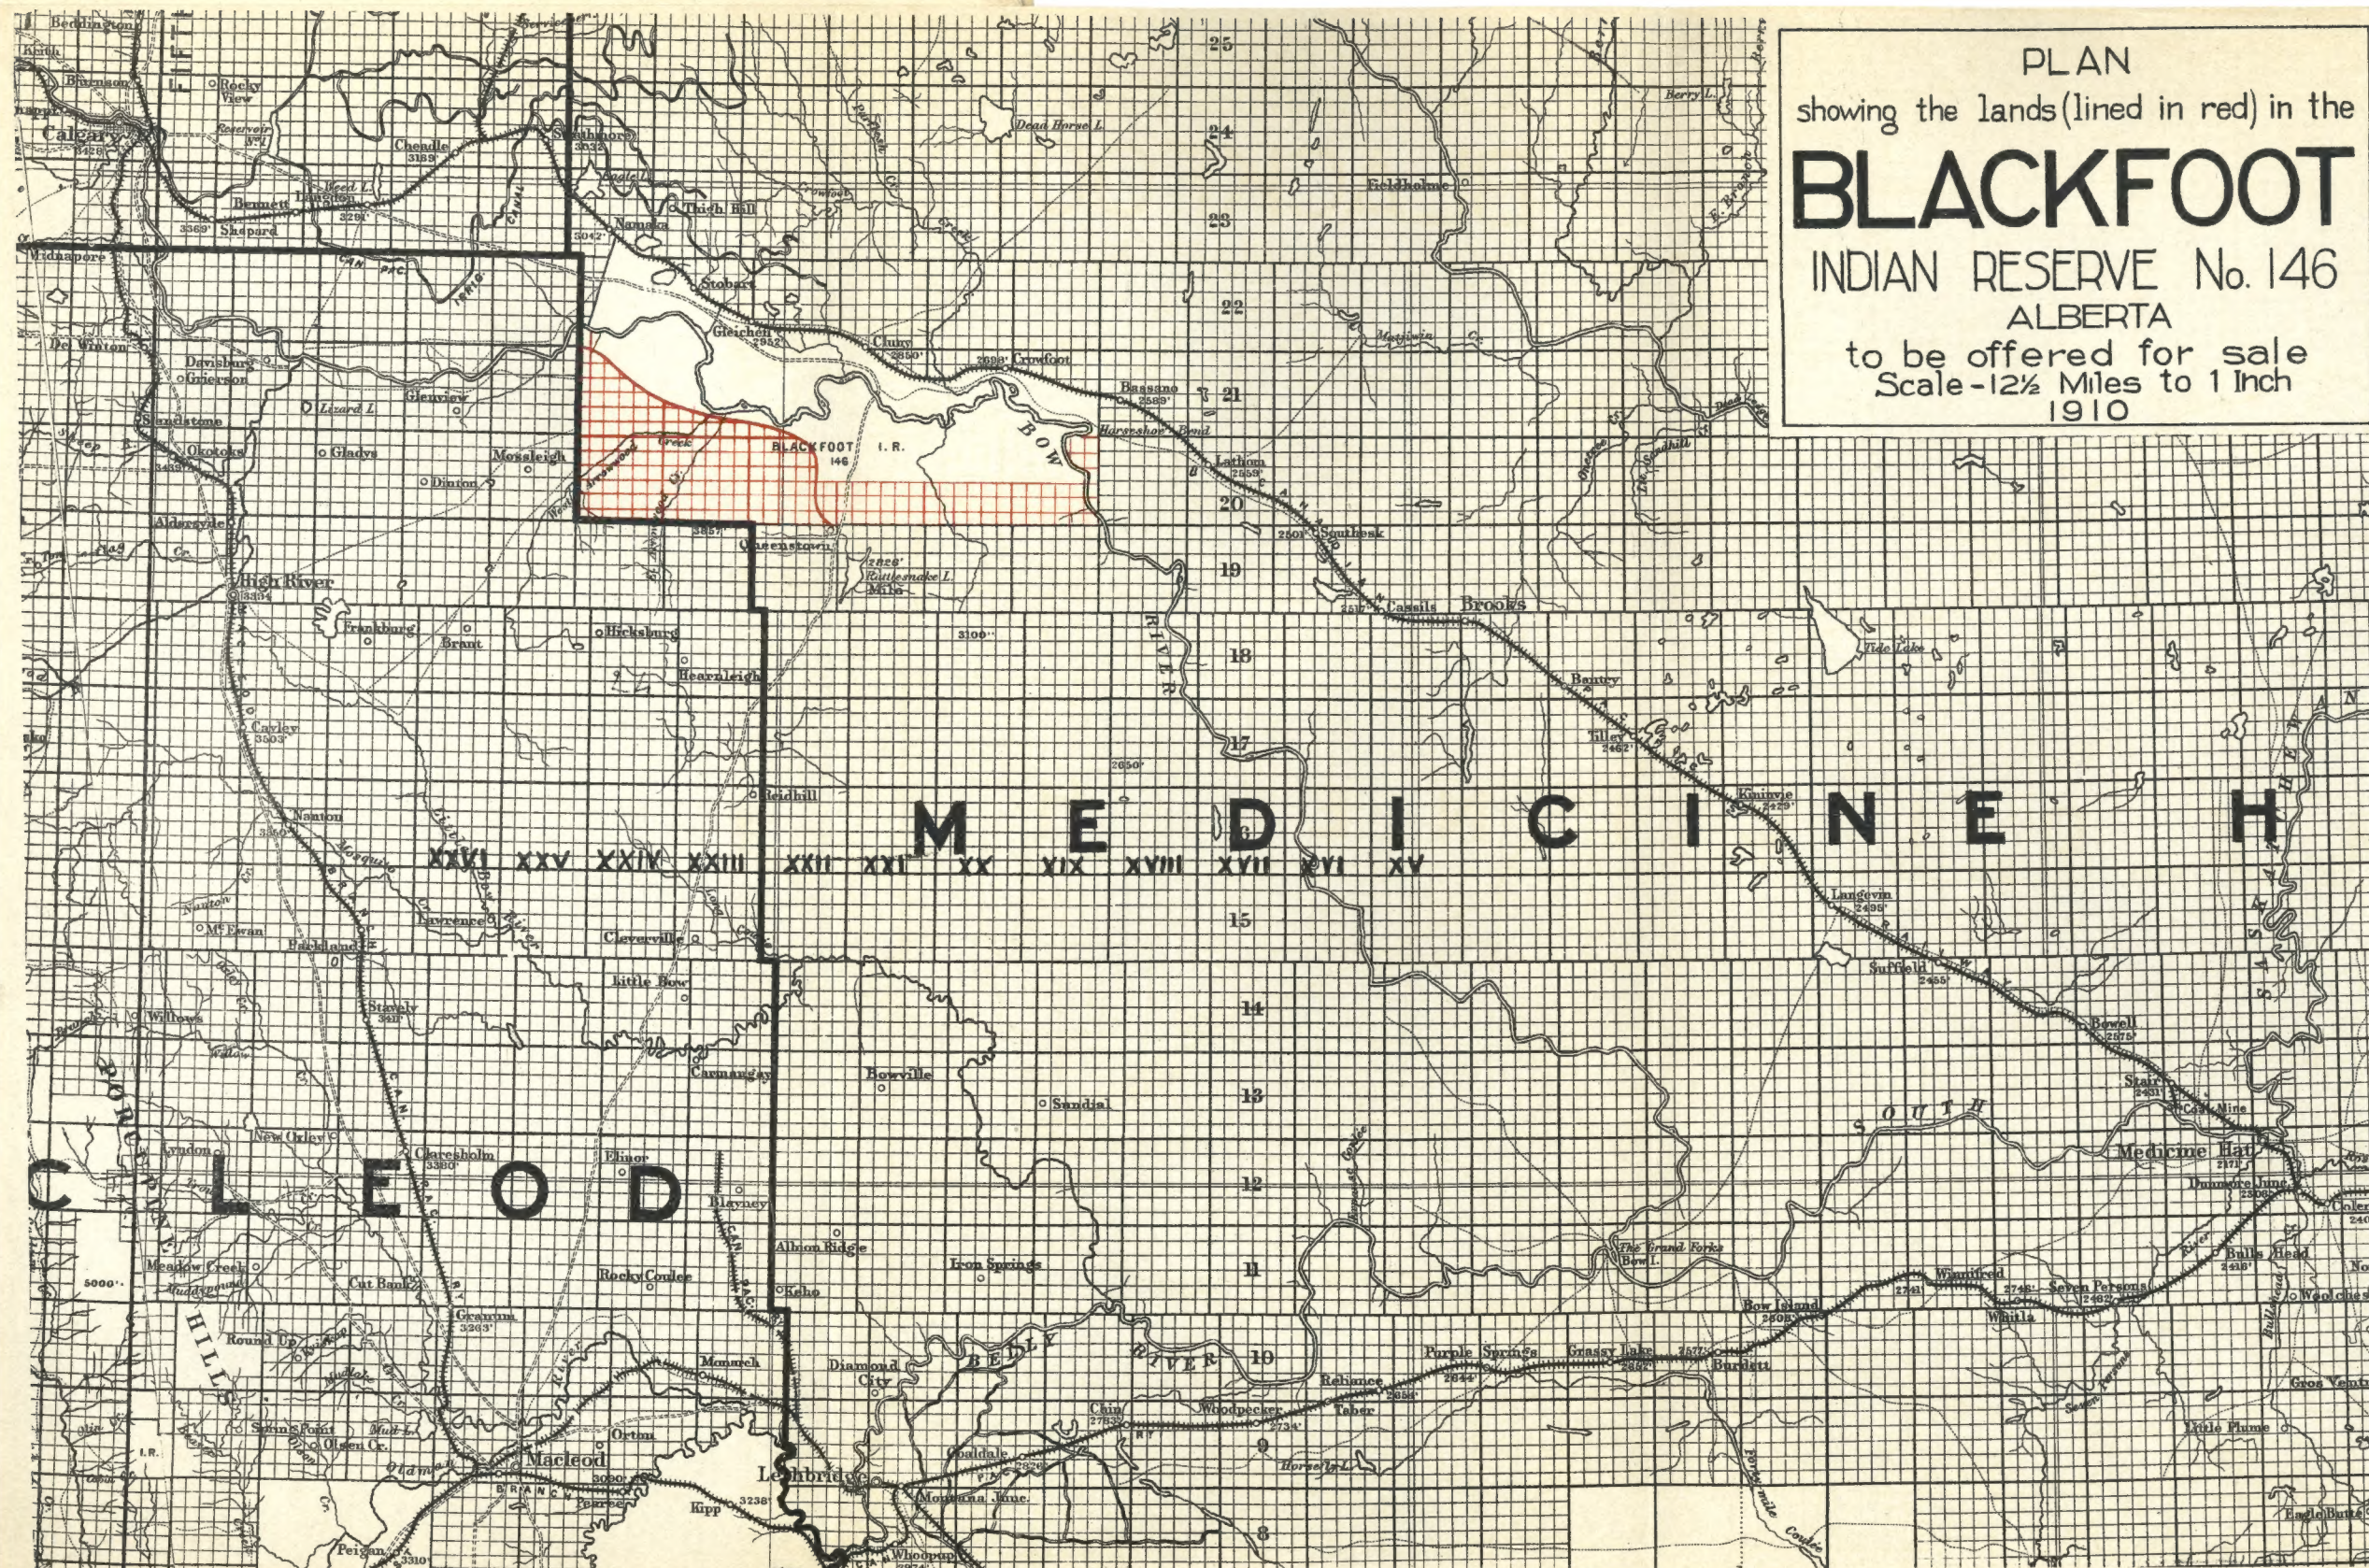

Townships 20 and 21, Range 22: Prairie and contain together 18,472 acres. The Irrigation Canal of the Southern Alberta Land Company forms the north limit of the most of this land, and runs south through sections 14, 11 and 2 in township 20. About one third is suitable for a motor plow, about one half for hand plow, and the remainder somewhat hilly but will make good mixed and grazing farms. There are several springs and small creeks throughout this township. The soil is sandy loam with clay sub-soil with occasional traces of gravel in places.

Township 20, Range 23: Prairie and contains 23,006 acres, the north boundary being from one half mile to two and one half miles south of the Irrigation Canal of the Southern Alberta Land Company.

East Arrowhead Creek, a small stream about one foot deep, enters this township at the south west corner and leaves near the centre in section 33, running north to the Bow River, occasional springs are also found. It is estimated that about one fifth is suitable for a motor plow, about one half for hand plow and the balance somewhat hilly and rolling suitable for grazing and mixed farming, a large proportion can be cultivated with hand plow. The soil is generally sand loam with clay sub-soil.

Township 21, Range 23: Prairie and contains 4,107 acres. The Southern Alberta Land Company's Canal forms the northern boundary and east Arrow-

ALBERTA
to be offered for sale
Scale - 12½ Miles to 1 Inch
1910

wood Creek passes through section 4. Nearly the whole may be classed as motor plow land. The soil is sand loam with clay sub-soil.

Township 20, Range 24: Prairie contains 23,098 acres. The greater part of the west half is watered by East Arrowwood Creek and its branches. It is estimated that one half is suitable for a motor plow, the other half being good hand plow land with a few grazing quarters. The soil is sand loam with clay sub-soil.

Township 21, Range 24: Prairie contains 17,918 acres. The Irrigation Canal of the Southern Alberta Land Company forms the north boundary. The west Arrowwood Creek runs through sections 3 and 11. It is estimated that nearly three quarters of this township can be worked with a motor plow, and the remainder with few exceptions is suitable for a hand plow. Soil sand loam with clay sub-soil.

Township 22, Range 24: Prairie contains 638 acres. The Irrigation Canal of the Southern Alberta Land Co., forms the north limit. The south half of section 6 is level and undulating, can be worked with motor plow. The remainder is suitable for grazing.

List of Blackfoot Indian Lands for Sale by Public Auction at Gleichen, Alberta, on Wednesday, the 14th day of June, 1911, at ten o'clock, a.m.
